DD/A/ODP WEEKLY REPORT

Week of 22-29 April 1981

I. Major Activities During the Past Week:

A. Support to PTO:

CAMS (COMIREX Automated Management System) CAMS2 representatives attended a PTO-NPIC interface working group meeting. The main topic was exploitation requirements concepts for the mid-1980s. The first draft of the CAMS2 Processing Segment-Exploitation Segment Interface Control Document is scheduled to be published on 4 May. [] (AIUO)

B. Support to OCR:

AUTODIR (OCR Automated Directories) The Scope Paper for "Who's Who Publications of Chinese and Soviet Scientists and Educators" was completed and forwarded to NFAC/OCR. This paper addresses several alternatives and estimated costs in implementing a system to meet OCR's requirements. [] (AIUO)

C. Support []

ACTS (Automated Consolidated Translation System) B Division reviewed and accepted the revised Requirements Document. Several minor additions/changes were suggested and will be made. The Requirements Document is being forwarded [] for approval, and the project is entering preliminary design. [] (U)

D. Support to OC:

SPRINT (Scheduling, Planning and Resource Management Information System) The ODP SPRINT Project team met with the Director of Communications, and several of his management personnel to scope the SPRINT efforts. SPRINT will be started with several parallel efforts: collection of OC's requirements; introduction of NASAPERT and EZPERT for use by several OC components; use of PLANS/PLUS for planning of an OC project; and arrangement for briefings by several vendors of software packages meeting a variety of SPRINT needs. [] (U)

E. Support to OF:

General. A meeting was held on 22 April 1981 with the Office of Finance to review the requirements previously agreed upon. ODP was represented by [] Chief, C Division and [] [] the Maintenance Project Manager. The other attendees were
